Date: May 23, 2003

Gentlemen:

Screamer Technologies, Inc. respectfully requests confidentiality of certain materials provided with the submission of the MIU1000 under FCC ID: Q69MIU1000 in accordance with FCC Regulations 0.459. The confidentiality request applies to all the operational descriptions, block diagrams, schematics, parts lists, and internal photographs contained in this filing. The housing which encloses the circuit board and antenna uses blind snaps and can only be opened with a special fixture.

The MIU1000 has been developed at considerable effort and expense by Screamer Technologies. These items are considered Trade Secrets and therefore public access to the proprietary material could possible result in duplication of equipment that could severely damage the company's business advantage.

Thank you for your assistance in this matter.

Sincerely,

John E. Eberhardt
VP of Engineering 5-23-03
