Newberry, FL 32669

Dear Sir or Madam:

RE: Application for Confidentiality pursuant to CFR47 Section 0.459 and 0.457 for certification of (Product description or name), FCC ID: (number)

Norsat International Company FRN 0008955122 requests that all the schematics, detailed circuit description, detailed block diagrams, detailed operating descriptions, parts lists, internal photos and all copies of these documents submitted for FCC ID: Q6C-5200-KUAA-ID remain confidential due to the proprietary commercial information disclosed therein. These documents detail the exact nature of how our product is designed and would rapidly enable a competitor, without significant capital investment, to replicate our product.

Confidentiality has been requested since the unit is not sold to the general public and the internal photos, schematics, parts lists, operating descriptions would reveal significant design ideas to competitors. The units are sold as sealed units..

Please direct any questions or comments regarding this request to the undersigned.

Regards,

A handwritten signature in black ink, appearing to read 'Michael Schefter', followed by the initials 'P. Eng.' in a similar script.

Michael Schefter, P. Eng.
Project Manager, Portable Terminals
