IC ID: 5043A-GT83000B

Models: GT83000, GT83000VP, GT83000R2, GT83100

3SI Security Systems Inc., declares that the following model variants of our tracker product

GT83000	Cash Tracker (base model)
GT83000VP	Vault Tracker
GT83000R2	Ruby
GT83100	Pharma Tracker

are identical in all parts relevant to FCC and IC radio device approval.

All listed models contain the same identical pre-certified cellular modem (Telit GE865 GSM quad band module) and the same 216.475/219.600 MHz beacon radio portion.

The models have some non radio relevant differences like different batteries, battery holders and minor part variations in the non radio portions, as detailed in the product documentation.
