

WIRELESS DIMMABLE TRANSLATOR

MODEL NO : 7105

Input DC voltage : 12Vdc

Output channel : 1

Output DC voltage : 12Vdc

Output power consumption : 72W

FCC ID : Q7HRFTR001

IC : 10692A-RFTR001

SELV

 
VCC(+) **GND(-)**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation. "Complies with CANADA RSS-210"
