Subject: Marasst Inc., FCC ID:Q8603010, AN03T3036

Notice_content

Question #1: This transmitter is capable of operating from 2410-2470MHz. Per section 15.31(m) of FCC rules, three channels at low, middle and high channel shall be investigated up to 10th harmonics. The test report submitted only included low and high channel, please provide middle channel test data.

Question #2: Please provide operational description per section 2.1033(b) (4) of FCC rules.

Question #3: Please provide schematic diagram.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
