

FCC Exhibit – Product label - MBR 179 MK2

The marking plates are fixed with a self-adhesive tape on the aluminium parts of the product.

The label is made from an industrial moulded material designed for unprotected outdoor use, corresponding to an ingress protection IP66.

The marking plate has been tested with isopropyl alcohol and a mechanical test as specified in ExTAG/67/CD. The marking is highly durable.

The label is located at the rear side of the product:
