MBR 179 MK2 FCC certification – Cover letter

This is to request Nemko Canada Inc to provide the required service enabling us to achieve FCC certification for the MBR 179 MK2 equipment manufactured by Kongsberg Discovery AS, Seatex.

The Maritime Broadband Radio is a smart antenna designed for use in maritime applications where digital high-speed reliable communication and data transfer is crucial for efficient and safe operation. The MBR 179 MK2 version has a phased array consisting of 60 antennas and can in real-time adjust the signal phase in order to increase gain in the direction of the receiver.

The MBR 179 MK2 is certified under FCC Part 15.407(a)(3) operating under waiver DA-22-656. Kongsberg Discovery AS, Seatex as the manufacturer hereby confirm that the equipment certified is compliant with the restrictions listed in the waiver.

Yours faithfully

A handwritten signature in black ink, followed by a blue circular logo containing a stylized crown and the word "KONGSBERG" below it.
