

The image shows a white, rectangular electronic device, likely a power amplifier or a similar high-power component, mounted on a white base. The top of the device is covered by a large, white, finned heat sink designed for efficient cooling. The heat sink features several vertical fins and is secured with screws. On the front panel, there is a gold-colored SMA connector, a white BNC connector, and a label with technical specifications and a logo. The label includes the following information:

- Product name: 100Watt PA
- Model: 100W
- Manufacturer: Shenzhen Xingyuan Electronics Co., Ltd.
- Address: 100000, China
- Website: www.xingyuan.com
- CE mark
- Logo: XINGYUAN
- Serial No: 9503
- Lot: 10-12-2-100
