**Class II Permissive Change**

Dear Examiner,

This is to request a Class II Permissive change for the “SAFFIRE EVO LZ-D & SAFFIRE EVO LZ-I”, originally certified in July 2023.

The change under this application is to address the update and new tuning of RFID antenna.

The change in this model compared with the current model in file is the RFID antenna has been updated and consequently the relevant circuits have been retuned.

Yours sincerely,

Name: Sergio Olivera
