RE: Declaration of Similarity
FCC ID: QABTSR105V910
IC ID: 12009A-TSR105V910

To Whom It May Concern:

Please be advised that the TSR models TSR/300/105, TRS/200/105 and TSR/100/105 are electronically identical, all RF measurements and test results are exactly the same. All 3 versions are built to one identical hardware and Firmware build. The differences between the 3 models are purely functional and are controlled by product licensing codes. The TSR/100/105 can be licensed to any of the other models. The TSR/100/105 does not require a licensing code as it is the default model.

The TSR/100/105 is the base intelligent access terminal with normal access control facilities.

The TSR/200/105 is the mid range intelligent access terminal with additional VoIP intercom facility enabled.

The TSR/300/105 is the top intelligent access terminal with additional VoIP intercom and Remote Applications enabled.

Thank you for your attention to this matter.

Yours faithfully

Company: *Controlled Electronic Management Systems Limited*
