Dear Alan

**FCC/TCB original application - Promethean Ltd PRM-AH1-02 / TDS-AH1-02 ACTIVhub  
FCC id QAM005**

Please find enclosed one set of zipped files on behalf of Promethean Ltd.

The application is for an ACTIVhub which is a communications interface to a PC allowing the use of the ACTIVslate (FCC id QAM004) and the ACTIVote (FCCid QAM001) student interaction devices from the Promethean 'ACTIV' peripheral product set. It contains a 915MHz SRD transceiver to communicate with the devices and passes the received data back to the host PC over a USB connection.

The ACTIVhub is also marketed under the brandname 'TDS'. The code is the only change to the product as follows:

PRM-AH1-02 becomes TDS-AH1-02.

Yours sincerely

Phil Dolling  
Compliance Manager
