> Question #1: No significant emissions are reported in the test report due to  
> 20dB below the limits. In accordance with ANSI C63.4 Section 10.1.8.2., if  
> less than 6 highest emission are reported, the test report shall document  
> the noise level of instrument at representative frequencies shall be  
> reported.

==> We've revised the test report.

Please refer to the page 9 of test report.

> Question #2: User manual does not contain information required under 15.21  
> of FCC rules. Please provide revised user manual.

==> We've revised the FCC warning statement.

Please refer to the page 1 of the User's manual.

>

> Question #3: What is the frequency range investigated during radiated  
> emission tests ?

==> We've revised the test report.

Please refer to the page 9 of test report.
