Attn: Chris Pae

Dear Chris,

Per your request, I am sending you this memo on our company letter regarding the TCB request for verification that the E-Field Probe is calibrated yearly.

Our E-Field probes are calibrated at an interval of one year according to the manufacturer's specifications. All calibration certificates indicate the date in which the probe was last calibrated.

Please let me know if you have any further questions.

Best regards,

A handwritten signature in blue ink, appearing to be 'JM' with a large loop.

Jay Moulton
