

Installation and operating instructions as furnished to user containing information required by 15.21, 15.19 & 15.105 as applicable. [2.1033 (b)(3)]

The following information will appear in the StreamLAB Operators Manual:

" This Device complies with Part 15 of the FCC for an intentional radiator. Changes or modifications to the Pallet Identification system that are not expressly approved by Dade Behring Corporation for compliance could void the user's authority to operate the equipment."
