

# User Manual

1. 把車充插入汽車點煙筒，把車充線的 TYPE-C 插頭插入產品背面的 TYPE-C 母座充電輸入插口。

Insert the car charger into the car cigarette lighter, and insert the TYPE-C plug of the car charging cable into the TYPE-C female charging input socket on the back of the product.

2. 手機背面朝產品正面 Qi LOGO 中心放上去，手機即自動被產品穩固吸附。

Place the back of the phone toward the center of the Qi LOGO on the front of the product, and the phone will automatically be firmly absorbed by the product.

3. 接通電源同時手機也即開始充電，達到無線充電功能，而不需要把充電插頭插入手機中。

When the power is turned on, the phone starts charging, achieving wireless charging function without inserting the charging plug into the phone.

4. 手機充電充飽要取下手機時，拿住手機直接往上取出，不需要再拔充電插頭充電線。

When the phone is fully charged and you want to take it off, hold the phone and pull it out directly. There is no need to pull out the charging plug and charging cable.

## **FCC Warning statement:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This

equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.
