Chris,

Here are the replies to your questions on the above application.

1. The Dell Host computer users manual does not contain any RF Exposure notices/information or notice to use the 5.15-5.25GHz band indoor. Please update the Host Users Manual to include this required information.

<CCS ANSWER:> Broadcom will request that Dell include the following statement in the Siberia User Guide.

Caution: Exposure to Radio Frequency Radiation.

To avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antennae should not be less than 20 cm (8 inches). This device must not be co-located or operating in conjunction with any other antenna or transmitter, unless authorized by FCC.

2. The label exhibit submitted shows a new label for the module, but does not provide a label exhibit for the outside of the host indicating that 'this device contains FCC ID: QDS-BRCM1022. Please provide confirmation that the module labeling requirements will be followed or provide a sample of the host label.

<CCS ANSWER:> Please see host label exhibit.

Best regards,
 September

Dear Thu Chan,

7/23/2007

You are listed as the Technical Contact for the above referenced TCB application. The following item(s) need(s) to be resolved before the review can be continued:

1. The Dell Host computer users manual does not contain any RF Exposure notices/information or notice to use the 5.15-5.25GHz band indoor. Please update the Host Users Manual to include this required information.

2. The label exhibit submitted shows a new label for the module, but does not provide a label exhibit for the outside of the host indicating that 'this device contains FCC ID: QDS-BRCM1022. Please provide confirmation that the module labeling requirements will be followed or provide a sample of the host label.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
