Subject: RE: Broadcom Corporation, FCC ID: QDS-BRCM1044, Assessment NO.: AN09T9559/9560, Notice#1
Attachments: Regulatory Statement for WLAN in portable PCs.doc; BCM94312HMGB host label doc.doc; 09U12760-1A FCC IC SAR Test Report.pdf

Hi Lucy,

Please see my response in line:

-----Original Message-----

Hi Chi,

Please address following issues.

Q#1: Host user manual does not include related regulatory statements. Please provide.

<answer> the client put together attached file, as a general guidance for portable PCs with WLAN radios. Let me know if we can use this.

Q#2: Please provide host label format.

<answer> attached.

Q#3: According to the user manual, except WLAN and Bluetooth, HP laptop PC also equipped with WWAN module inside but there is no information addressed in this C2PC filing. Will they transmit simultaneously? Please be noted that the technical review of this application will only focus on Broadcom WLAN/BT module; as for other transmitters, it will be grantee's responsibility to ensure that FCC rule regulations are complied, including RF exposure co-location issues.

<answer> 'Bluetooth antenna is located more than 20cm away from the WLAN antennas. Collocation with WWAN antenna is address in the WWAN FCC certification filings.'

Thanks,
Chi

Best Regards,
Lucy

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
