Hi Claire,

Please address following issues.

Q#1: User manual indicated that this module is also supported 5GHz which doesn't agree with this application. Please address.

<answer>manual is revised.

Q#2: There are no information whether the Bluetooth and WLAN devices can transmit simultaneously. Please clarify. If they can transmit simultaneously, EMC co-location test should be conducted because sharing the same antenna.

<answer>WLAN and Bluetooth will NOT transmit simultaneously.

Q#3: Please include FCC ID into Part 15B test report.

<answer>report is revised.

Best Regards,  
Lucy

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
