Ref: FCC Class II Permissive change for FCC ID: QDS-BRCM1070

(Original Grant Date: 02/08/2013)

Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1070. There are no hardware or electrical modifications made to the applying modular transmitter.

The major change filed under this application is:

1. Change: Adding Higher Gain Antenna. In some cases the higher gain antenna will require a reduction in the original approved powers to maintain compliance. In these cases the reduced power will be fixed in the driver by reference to a new region which is applicable when the higher gain antenna is used with this certified module.
2. Change #2: Adding Channel 12 and 13.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,
