RE: Request for Confidentiality
FCC ID: QDS-BRCM1076

To Whom It May Concern:

Pursuant to 47 CFR §§ 0.457 and 0.459, Broadcom Corporation ("Broadcom") requests that the Commission permanently hold in confidence the following attachments to Broadcom's Application for Equipment Authorization ("Application"):

Operational Description

The above-referenced documents contain detailed system and equipment descriptions that are proprietary to Broadcom. The public disclosure of these documents would be harmful to Broadcom and would give competitors an unfair advantage in the market.

In addition to the documents described above, pursuant to Public Notice DA 04-1705 while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices, we request that the Commission hold the following attachments to Broadcom's Application in confidence for 180 days from the date of the Grant of Equipment Authorization.

Setup Photos

It is our understanding that all measurement test reports, FCC ID label format and correspondent during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Best Regards,
