RE: FCC Class II Permissive change for FCC ID: QDS-BRCM1087  
(Original Grant date: July 14, 2015)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1087. There are no hardware or electrical modifications to the applicable modular transmitter.

The major change filed under this application is:

Change #1 : Adding a portable platform, Dell model number: Dell T02H. This host has the same antenna type as originally approved with lower gain. RF output power has been reduced from the original filling to comply with the SAR requirements. Reduced power levels and power control procedure are documented in the Operational Description filed under this C2PC filling.

Installation and operating requirements, detailing the restrictions, separation distances and antenna requirement for the modular conditions covered by the equipment authorization, are documented in the instructions provided to OEM integrators.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Daniel Lawless', is positioned above a solid black horizontal line.
