

PARTS DESCRIPTION AND OPERATION GUIDE

1.1. Receiver Module

- (1) Antenna
- (2) CH1 / CH2 RF LED Indicator
- (3) CH1 / CH2 Volume Control

UHF / VHF

1.2. Handheld Microphone Transmitter

- (1) Mesh & Capsule
- (2) Power LED Indicator
- (3) Low Battery LED Indicator
- (4) Power Switch
- (5) Body
- (6) Battery Compartment / Cover
- (7) Frequency Recognition Cap

UHF / VHF

2. Operation Guide

1. To connect the receiver module with DC power (8V), audio will come out from amplifier.
2. Open battery cover (6) on handheld microphone, then insert 1.5V AA $\times$ 2 battery (Pay attention to the positive and negative pole). Close battery cover.
3. Turn on microphone power switch (4), power LED indicator (2) will light up, low battery indicator (3) will flash once then off. When low battery indicator (3) lights up red, it indicates battery power is low. Change battery for continuously use. To use microphone, the sound will come out.
4. Remove the battery from microphone while idling the unit.

FCC warning statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance, could void the user's authority to operate the equipment.
