RE: Tel-Tron Technologies Corporation.

FCC ID: QE2WECA

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) Please provide a FRN Number for Tel-Tron Technologies Corporation. This is now required for all Grantees - (reference MD Docket No. 00-205). To obtain an FRN online, visit the FCC's Web site at [www.fcc.gov](http://www.fcc.gov) and click the Commission Registration System (CORES) link. For further assistance, please either refer to the FAQ at this same link; contact the CORES helpdesk at [CORES@fcc.gov](mailto:CORES@fcc.gov); or call the CORES helpdesk toll-free number: 1-877-480-3201. For future applications, please provide the FRN number in the Equipment Code: Portion of the 731.
- 2) Please provide a higher resolution schematic, as the one provided is not easily readable
- 3) Please adjust the Equipment code (Section 4a) of the 731 to be DSC.
- 4) The Label shows the FCC ID as QE2-WECA, while the 731 shows QE2WECA. Please let us know what the actual FCC ID Number is and correct the appropriate exhibits.
- 5) The product specification sheet provided does not appear to contain any confidential material and also contains the same information provided in the operational description which was uploaded without confidentiality requested. Please justify why confidentiality is requested or remove this request from the confidentiality request.
- 6) The users manual contains the following information:

Any changes or modifications not expressly approved by Tel-Tron Technologies Corporation for compliance could void your authority to modify the equipment.

This should be worded as

Any changes or modifications not expressly approved by Tel-Tron Technologies Corporation for compliance could void your authority to operate the equipment.

Please provide a corrected manual

Timothy R. Johnson  
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
