Re: Request for exhibits to be kept confidential.

FCC ID: QGH-RZP03

Gentlemen:

Pursuant to 47CRF 0.459, Leviton Manufacturing Inc., and Twisthink LLC requests that these listed exhibits be held confidential.

Circuit Block Diagram file names: EXB\_CircuitBlockdiagramRZP03.pdf
Theory/Description of Operation, file name: EXB\_TechnicalDescRZP03.pdf

Schematics file names: EXB schematicPwrDimrPCBRZP03.pdf

EXB schematicRFPCBRZP03.pdf

Leviton Manufacturing and Twisthink have invested considerable resources into developing this product. Having sections of Exhibit B, listed above, available to 'competition' would negate the advantage achieved in developing this product. Since this product type is a major product line for Leviton Manufacturing, not protecting the details of the design would result in a financial hardship for the company.

The Federal Communications Commission will be notified, in writing, of any changes in the software/programming of the device that could affect the device's RF characteristics.

Your prompt consideration of this application for product certification will be greatly appreciated. Should you have any questions regarding the content of this report, kindly contact me.

Sincerely,

Ted Chaffee,

Technical Lab Manager

Narte Certified Engineer, #EMC-002025-NE
