

Activating Warranty Coverage:
To obtain warranty service please contact TAB Global Co., Ltd. Customer Support within the applicable warranty period. A dated proof of original purchase from TAB Global Co., Ltd. or its authorized reseller will be required. The customer will be contacted by phone or email, if necessary. Customers should expect a 24-hour response time. The Technical Support Team can be reached through email at sales@usbdrive.com.

Limitation of liability:
This limited warranty does not cover loss or damage, which occur in alignment to or from the retailer, or due to: (1) improper installation, maintenance, misuse, impact, or any cause other than ordinary commercial or industrial application; (2) adjustment, repair, or modifications by anyone other than TAB Global Co., Ltd. authorized personnel; (3) improper environment, extreme temperatures, electrical power balance, surges, or other irregularities; (4) statements made about products by salespeople, dealers, OEMs, or agents unless otherwise confirmed in writing by an officer of

Warranty:
TAB Global's warranty obligations are limited to the terms set forth below. TAB Global Co., Ltd. as a manufacturer of USBDrive™ guarantees this hardware product against defects in materials and workmanship for a period of one(1) year from the date of original retail purchase.

For questions about the product contact our technical support team through email at sales@usbdrive.com

FCC RF INTERFERENCE STATEMENT

NOTE :

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Only shielded interface cable should be used.

Finally, any changes or modifications to the equipment by the user not expressly approved by the producer or manufacturer could void the user's authority to operate such equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC ID : QGNTGU020

User's Guide

MODEL: TGU020

TREME Weather PROOF

Up to 2GB Capacity

Use with Windows, Mac or Linux OS!

True Plug-n-Play

No driver required. Ready-to-use immediately!

USB DRIVE
PORTABLE STORAGE DEVICE

Benefits of Using USBDrive™

SAFE all your large files on the USBDrive™ such as PowerPoint™ presentations, websites, music and video files. About the size of a coin key, the USBDrive™ connects to your USB port and allows you to transfer your files up to 1 GB. There is no complex or time-consuming method to move your data.

SECURE your confidential files with ease of mind. Before you reach your home or work, back-up your most important data and carry it with you. Images being able to keep your tonight, your address book, or important email in your pocket without worry!

SHARE with all major operating systems faster than anything of its size. You can Plug-and-Play the device on nearly all PCs worldwide using Windows, Mac, and Linux operating systems.

Minimum Requirements - PC
Microsoft® Windows® 98SE, ME, Windows 2000 or XP
