Columbia, MD 21046

Subject: Request for Class II Permissive Change for our communication badge  
Model: B3000N FCC ID: QGZB3000N,

Dear Sir/Madam:

We plan to add a second source to 38.4MHz +/- 3 ppm reference TCXO (ref designator Y3 ) used in our B3000N Communication Badge. The selected part will be pin to pin compatible and no mechanical or electrical change is made to the product it resides in. We would like to file a Class II Permissive change to cover this.

Further details and supporting documents are attached.

Should you have any questions, please feel free to contact the undersigned.

Sincerely,

Doug Carlen  
VP, Legal and General Counsel
