Re: FCC ID: QHC-060203A

To Whom It May Concern:

The following application is submitted on behalf of our client, Itron, for evaluation of their model OW31SASL5BE-1 for certification under FCC Part 15.247 for limited single modular approval.

The OW31SASL5BE-1 is a module that is designed to be integrated into 1S, 2S and 12S electric utility meter forms. The OW31SASL5BE-1 includes (1) 900 MHz FHSS radio and an on-board Sierra Wireless CDMA modem SL5011, FCC ID: N7NSL5011 / IC: 2417C-SL5011. The Sierra Wireless CDMA modem SL5011 is modular approved and not covered under the scope of this filing.

The OW31SASL5BE-1 is designed to be integrated into 1S, 2S, 12S electric utility meter forms and be collocated and transmit simultaneously with the on-board Sierra Wireless CDMA modem SL5011, FCC ID: N7NSL5011 / IC: 2417C-SL5011 and separate Itron module ITR24 FCC ID: SK9ITR24 / IC: 864G-ITR24.

The OW31SASL5BE-1 was tested in full to the requirements of the aforementioned rules and was found to be in compliance. The OW31SASL5BE-1 was also evaluated for intermodulation products due to simultaneous transmissions and found compliant.

Sincerely,
