Subject: RE: Questions Regarding FCC ID: QHC-OPENWAY20

Hello

Please find attached Itron's Operational Description for the DTS transmitter.

The response to question #2 is that the two antennas listed are the only ones that will be marketed with the device.

Best Regards
Mike Mathis

RE: FCC ID: QHC-OPENWAY20

Applicant: SMARTSYNCH

Correspondence Reference Number: QHC91422
Confirmation Number: 911231422-3
Date of Original Email: December 28, 2009

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please submit an operational description for the DTS (Zigbee) transmitter that describes the RF section of the device.
2. The Installation Guide does not provide the maximum permitted antennas gains per band, but only lists "acceptable" antennas. Are these described antennas always marketed with the EUT? If not, please revise the Installation Guide to include the maximum permitted gains per band and resubmit it.

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
