Re: Request for confidentiality, FCC ID: QIE0763-0X and QIE0766-0X

Applicant: Advanced Control Technologies, Inc.

To whom it may concern,

Request is hereby submitted by Advanced Control Technologies, Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description

Rationale for request for confidentiality:

Advanced Control Technologies, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality should have been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Mark A. Scott  
Hardware Engineering Manager
