Re.: FCC Id: QIRNEOTEL-811

Applicant: Fidelix Co., Ltd.

Correspondence Number: 5220

Subject: Audit

The following is in reply to your inquiries:

1. This device operates in Mobile RF exposure conditions only. The External patch antenna is not part of this filing. The User's Manual was revised and references to the External Antenna were removed.
2. Thank you for your comment about conducted power measurement. The external antenna is not provided with this device.
3. The External patch antenna is not part of this filing. Test setup photos were provided for the dipole antenna only.
4. The External patch antenna is not part of this filing.

Sincerely,

Bruno Clavier
