This has been taken care of when the first 10 questions came up, sometime on Dec 2004. This is just a reminder from him, Tim.

Kerwinn,

Item three, it seems is a word to the test lab regarding the avoidance of antenna in direct contact with wood for future filings.

Consider this your "official" informational email. [this very email will be uploaded to the FCC as an RT response exhibit.

=] Thanks!

Christina,

There is no technical issue with the bottom questions. Can you please take care of this one?

Something to do with the report that was submitted.

Kerwinn

Hi Kerwinn,

Finally we did hear back from the FCC; in fact please see the following request for

technical info from them. Please respond to this ASAP.

Thanks!

Christina
