FEDERAL COMMUNICATIONS COMMISSION

7435 Oakland Mills Road

Columbia, MD 21046

U.S.A.

Subject: Request for withholding from public disclosure the parts list, schematic diagrams, system block diagrams, and internal photos pursuant to an application for certification.

Applicant: Sensors & Software Inc.

Product: pulseEKKO Pro

Model: TLF-A

FCC ID: QJQ-PE-PRO-TLF-A

Dear Sir/Madam,

We, **Sensors & Software Inc.**, would like to request that the **Technical Documentation** including the **Parts List, Schematics, System Block Diagrams, Internal Photos**, and (Noggin 250) **System Technical Description** submitted with the application for certification be withheld from public disclosure as per Section 0.459 of FCC Rules. This request is made under the provisions of Section 0.457(d) of the Commission's Rules, and Section 552(b)(4) of the Freedom of Information Act. These sections authorize as a withholding from public inspection materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person. Further, this material contains trade secrets and confidential information that Sensors & Software Inc. does not customarily release to the public and which is otherwise not generally available to the public.

The critical circuit elements are constructed to be embedded in materials which make access impossible without destroying the circuit boards and connections. The design is specifically intended to inhibit reverse engineering of critical proprietary system elements

If you have any queries, please do not hesitate to contact us by our TOLL FREE number:

OUR TELEPHONE NO.: 800-267-6013

Yours truly,
Sensors & Software Inc.
