

Appendix B

Output Power

Field Strength according to FCC Part 15

(Fully anechoic chamber)

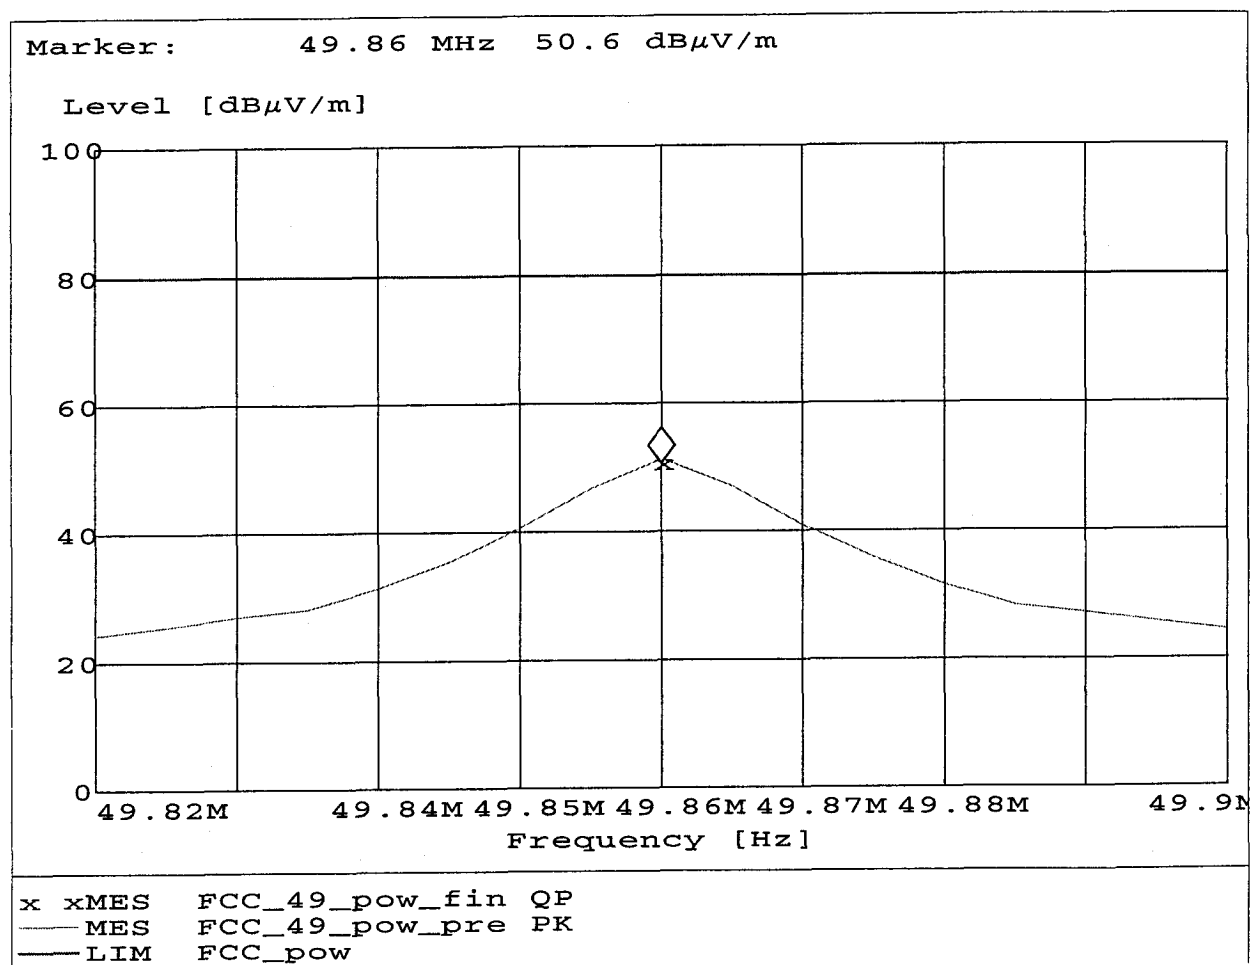

EUT: R/C Micro Combat Vehicle (49Mhz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 3V Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Transmission
Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

EUT: R/C Micro Combat Vehicle (49Mhz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 3V Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Transmission
Antenna Vertical

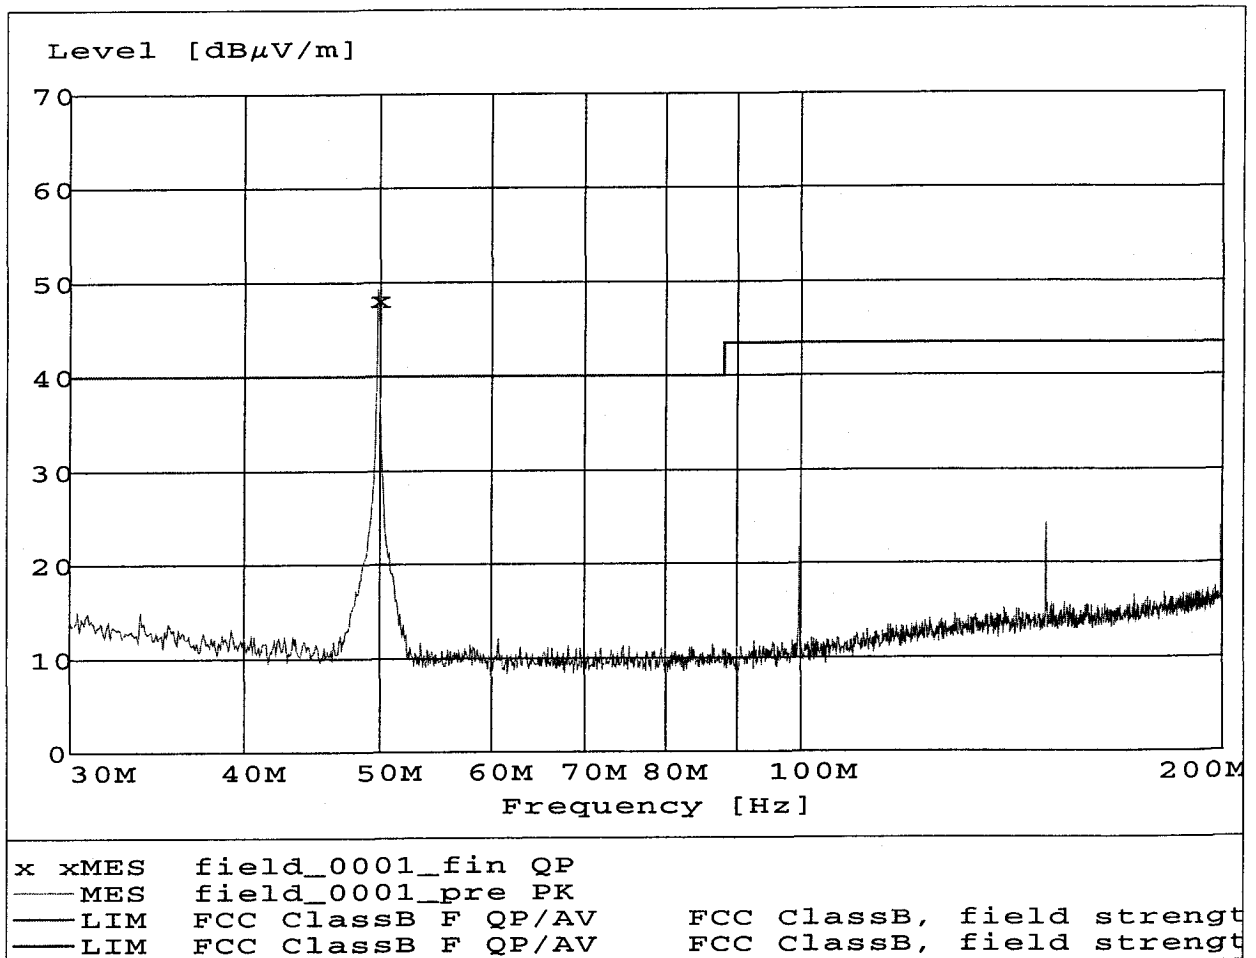

Appendix C

Spurious Emissions radiated, Transmitter

Field Strength according to FCC Part 15

(Fully anechoic chamber)

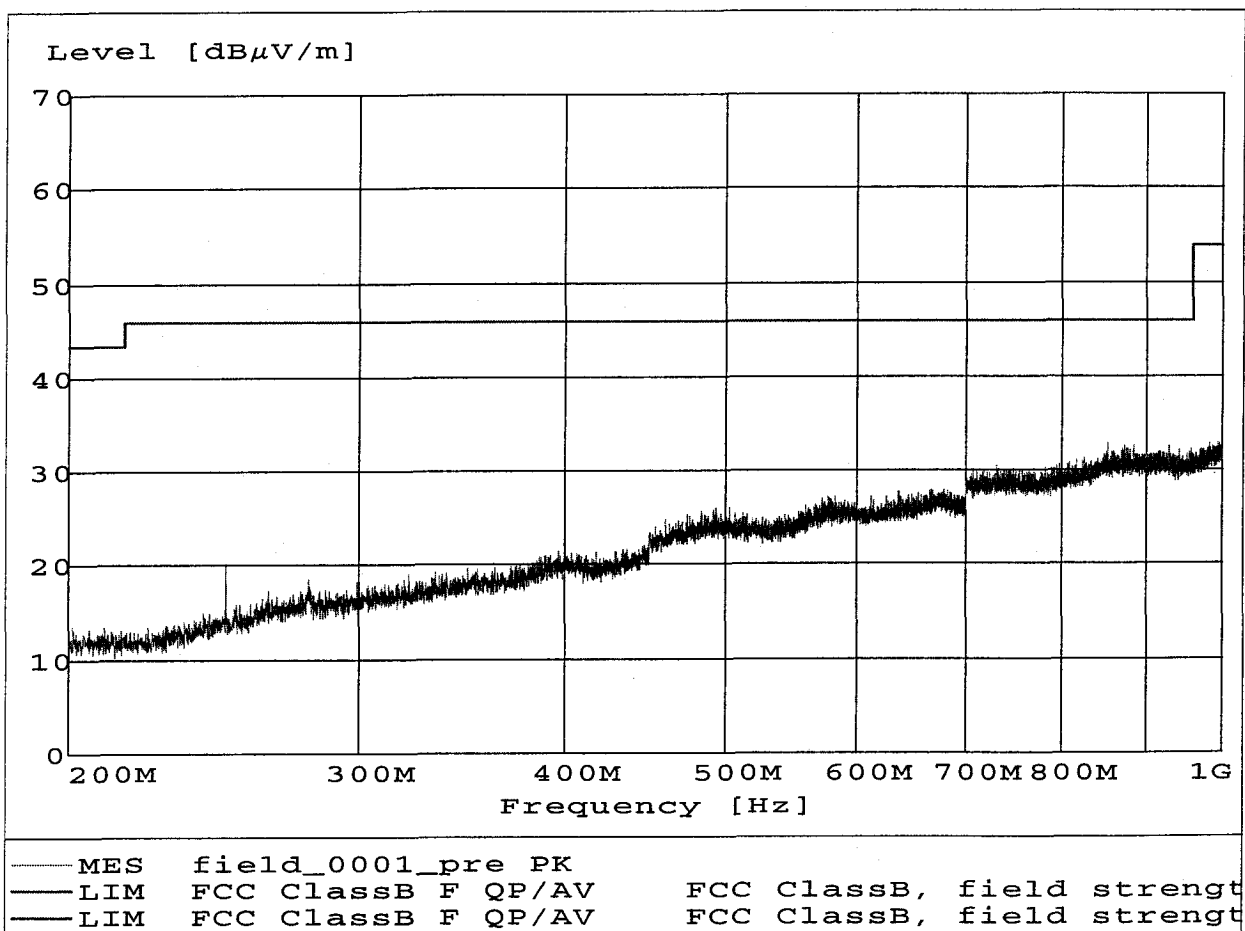

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 3V Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Transmission
Start of Test: Antenna Vertical

Field Strength according to FCC Part 15

(Fully anechoic chamber)

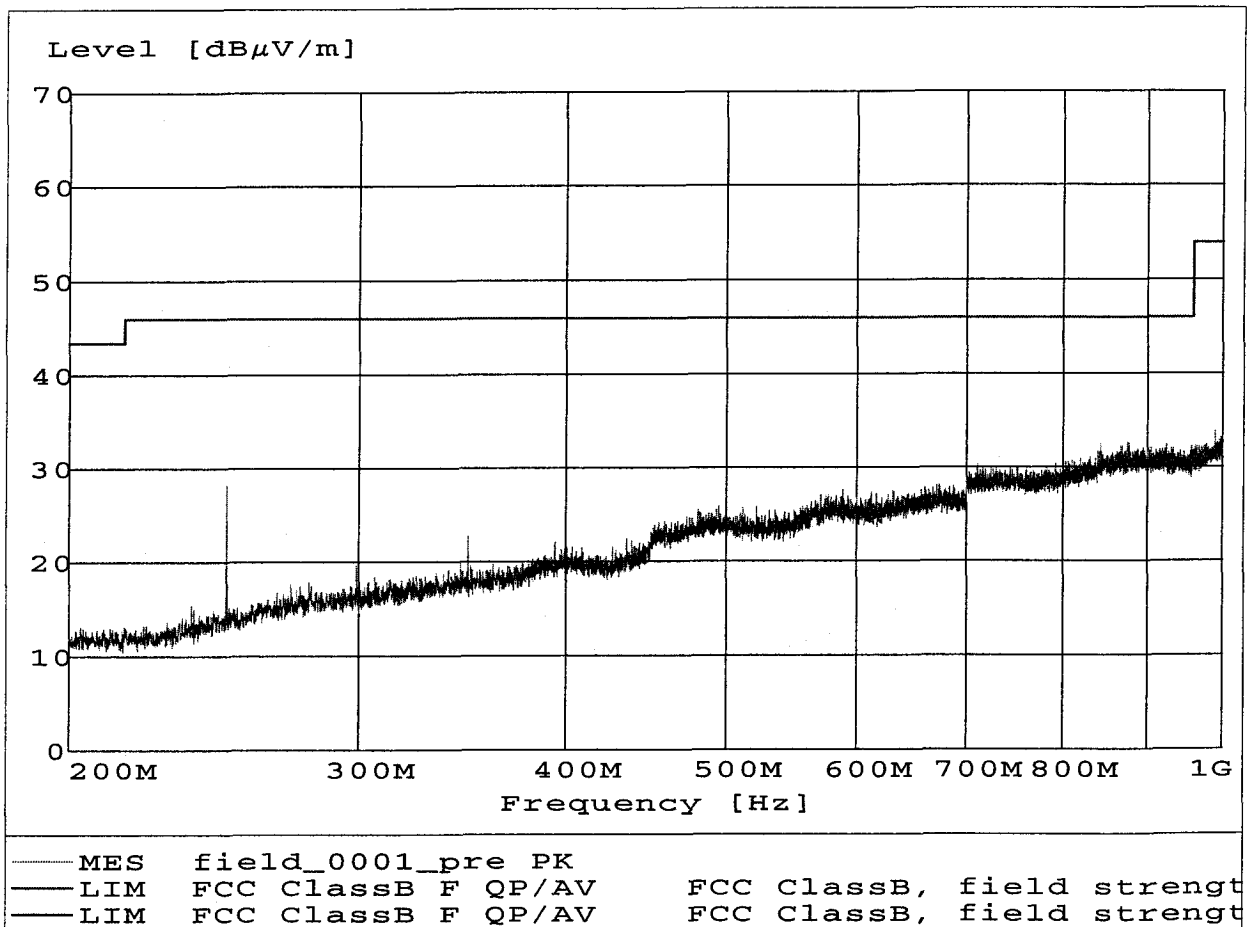

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 3V Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Transmission
Start of Test: Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 3V Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Transmission
Start of Test: Antenna Vertical

Appendix D

Bandwidth

Test not required

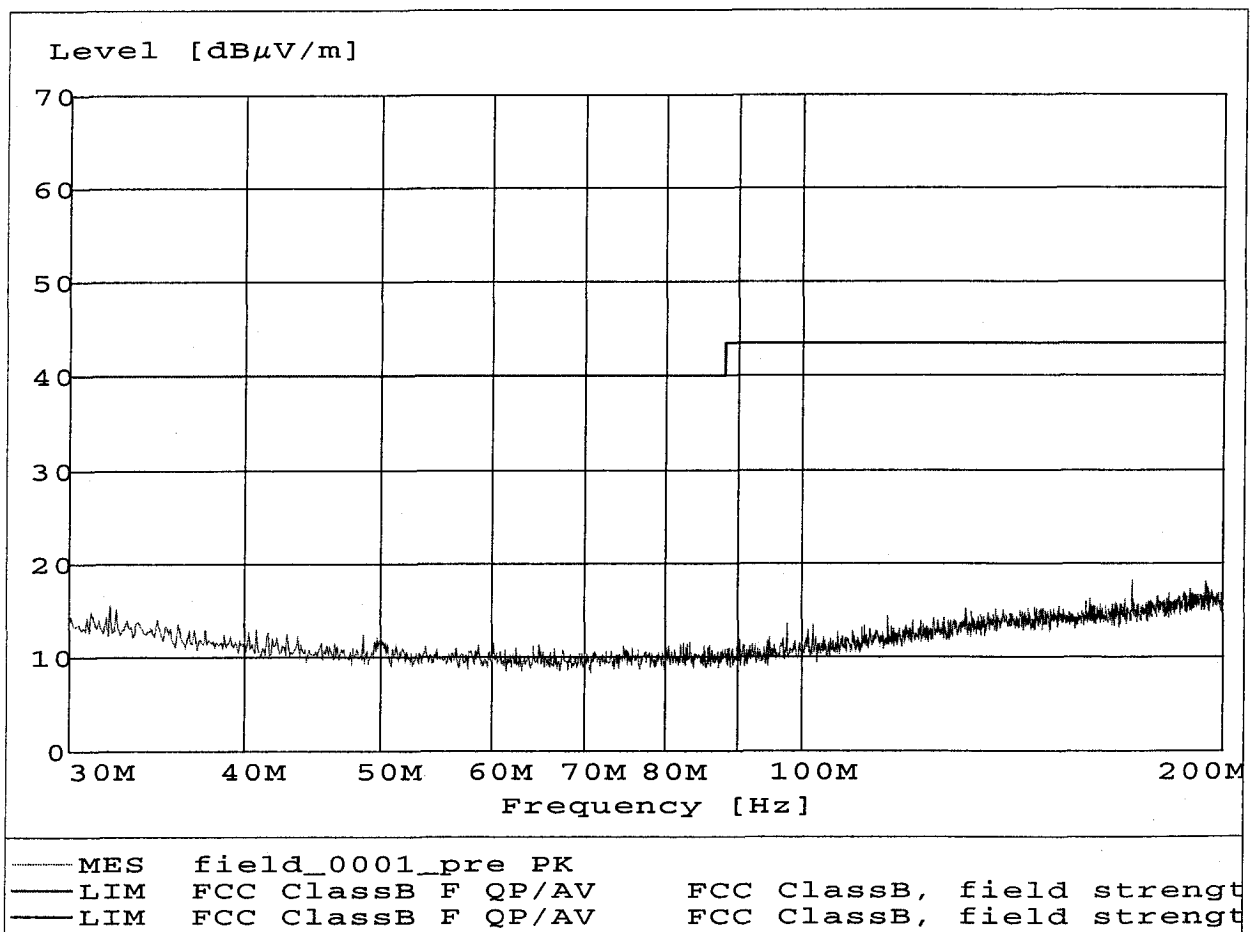

Appendix E

Spurious Emissions radiated, Receiving

Field Strength according to FCC Part 15

(Fully anechoic chamber)

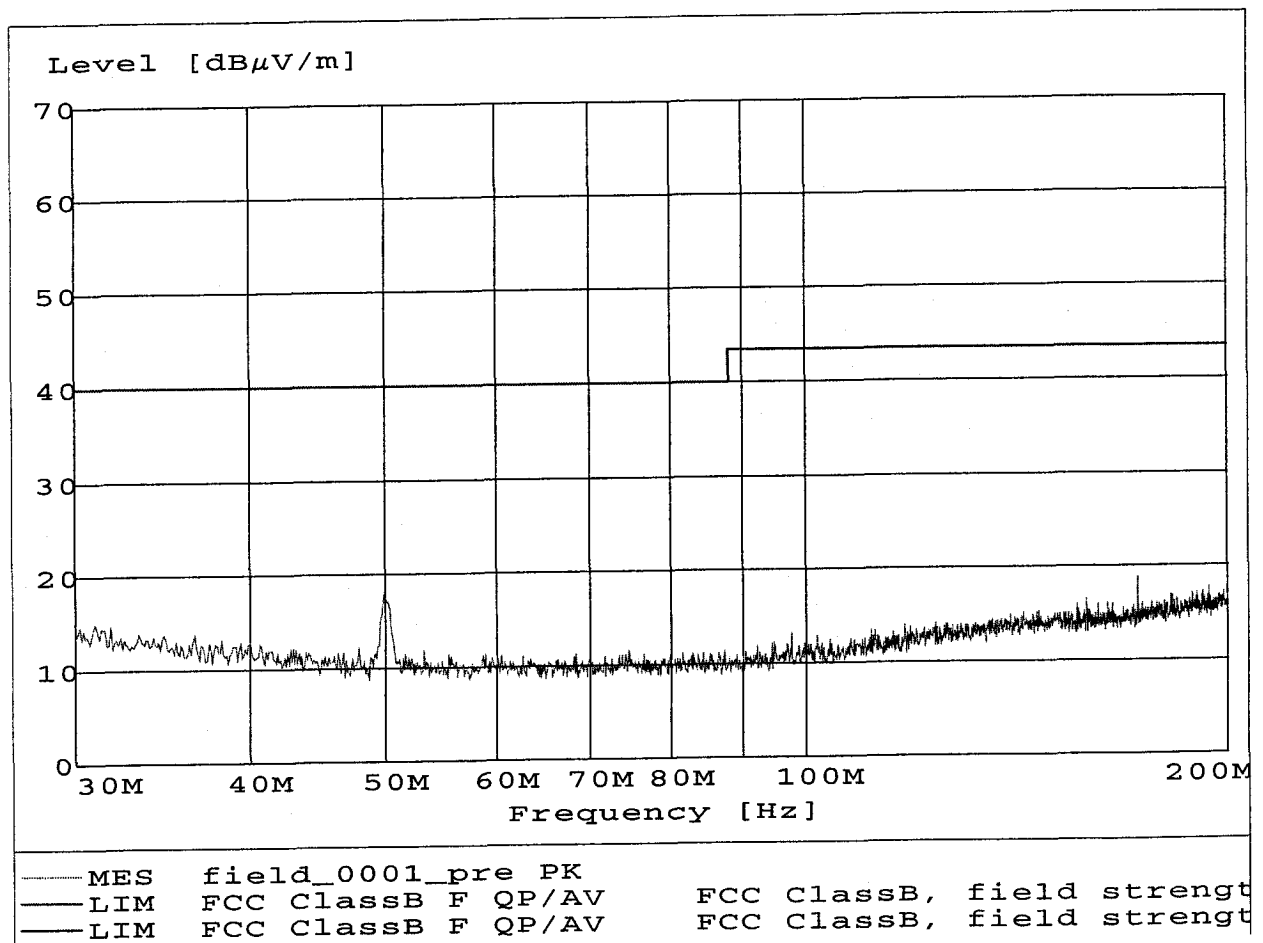

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: receiving
Start of Test: Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

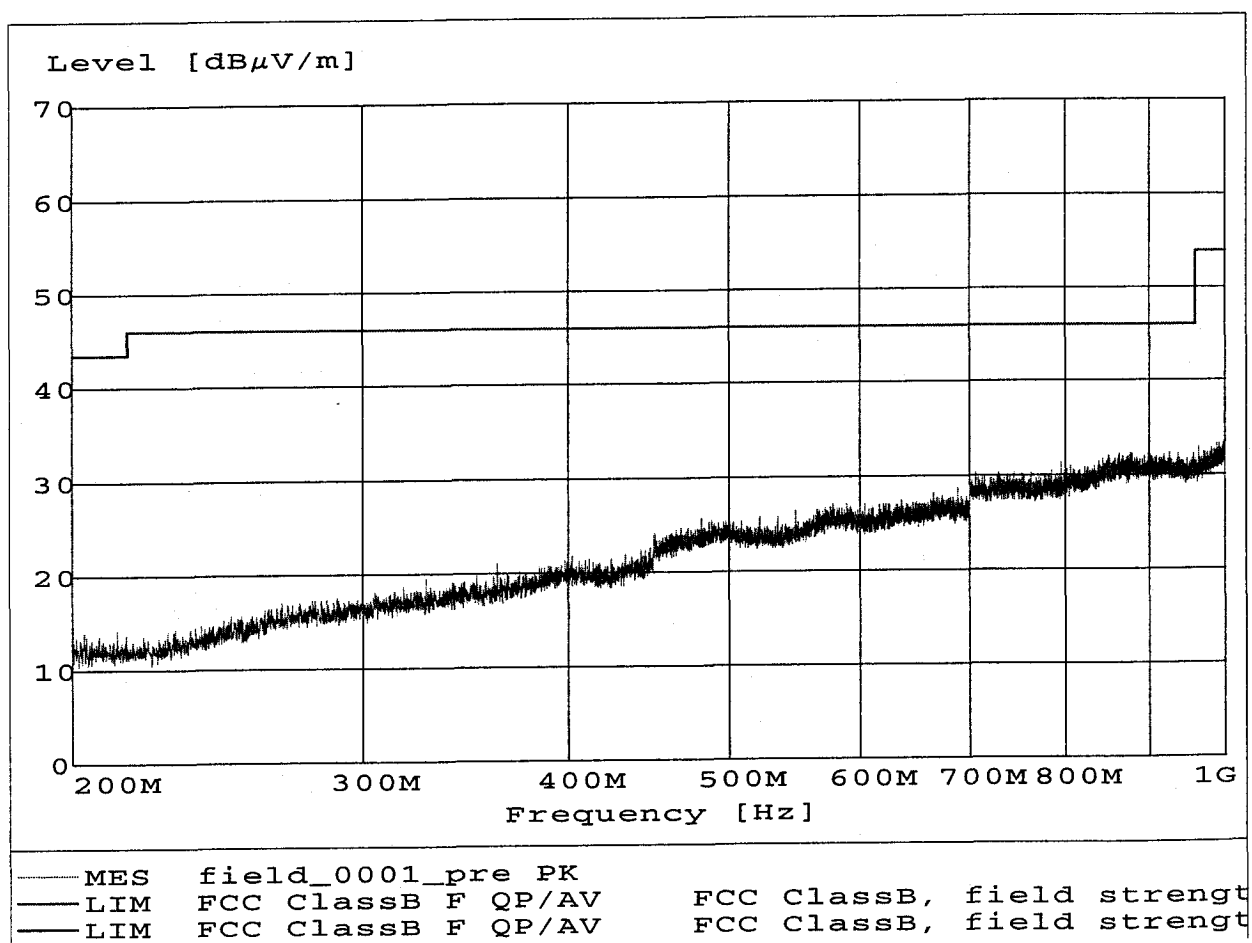

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: receiving
Start of Test: Antenna Vertical

Field Strength according to FCC Part 15

(Fully anechoic chamber)

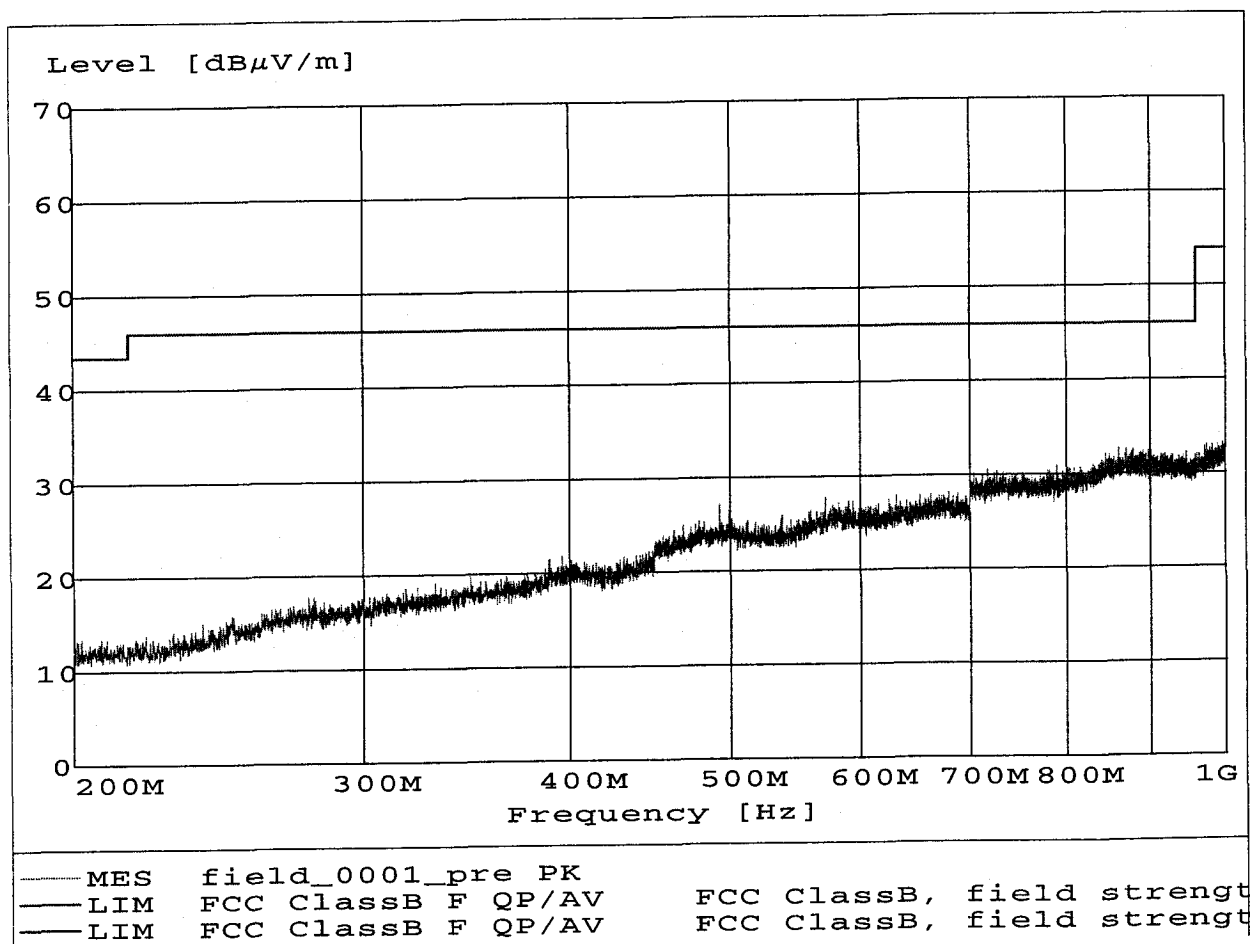

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Receiving
Start of Test: Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

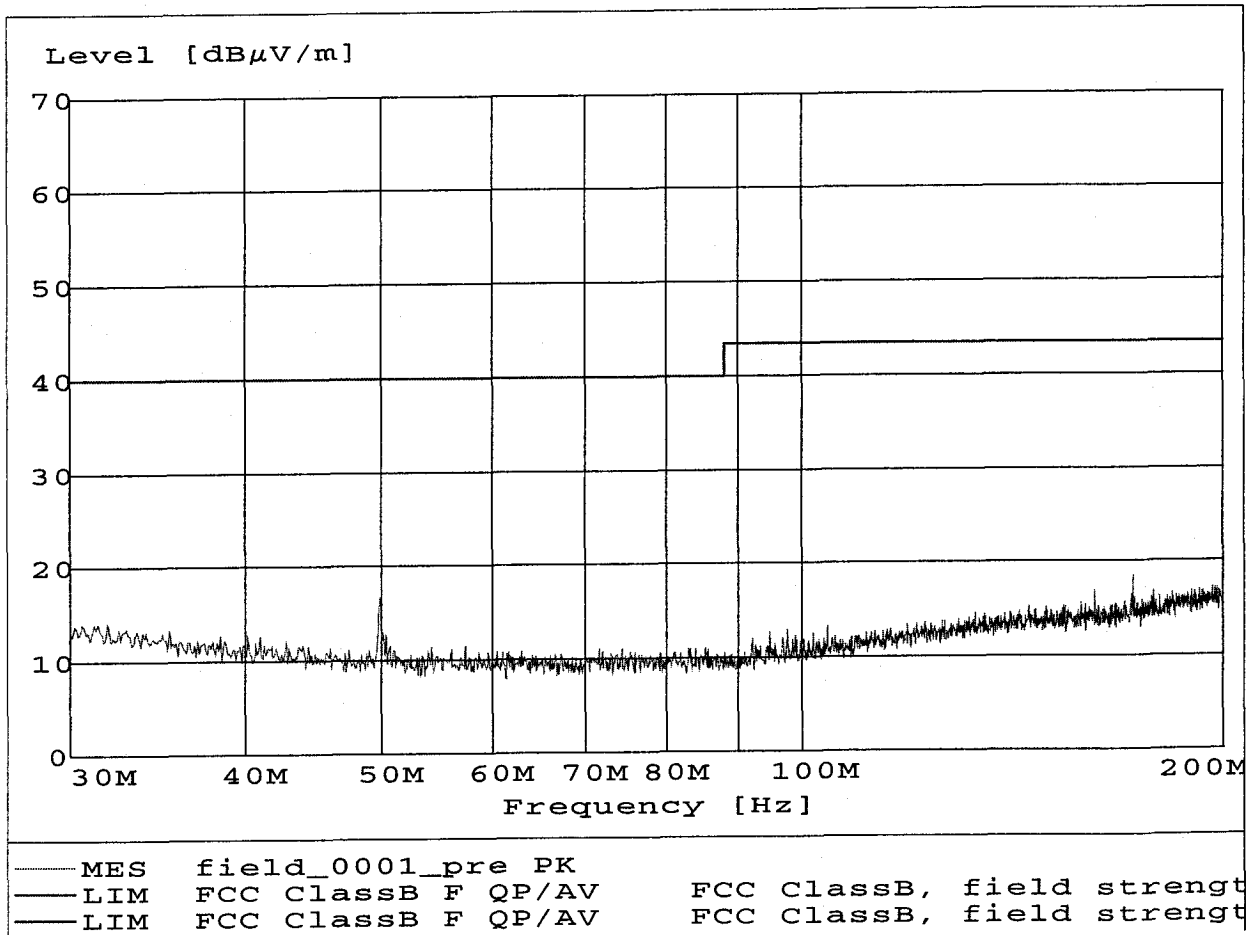

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: Receiving
Start of Test: Antenna Vertical

Field Strength according to FCC Part 15

(Fully anechoic chamber)

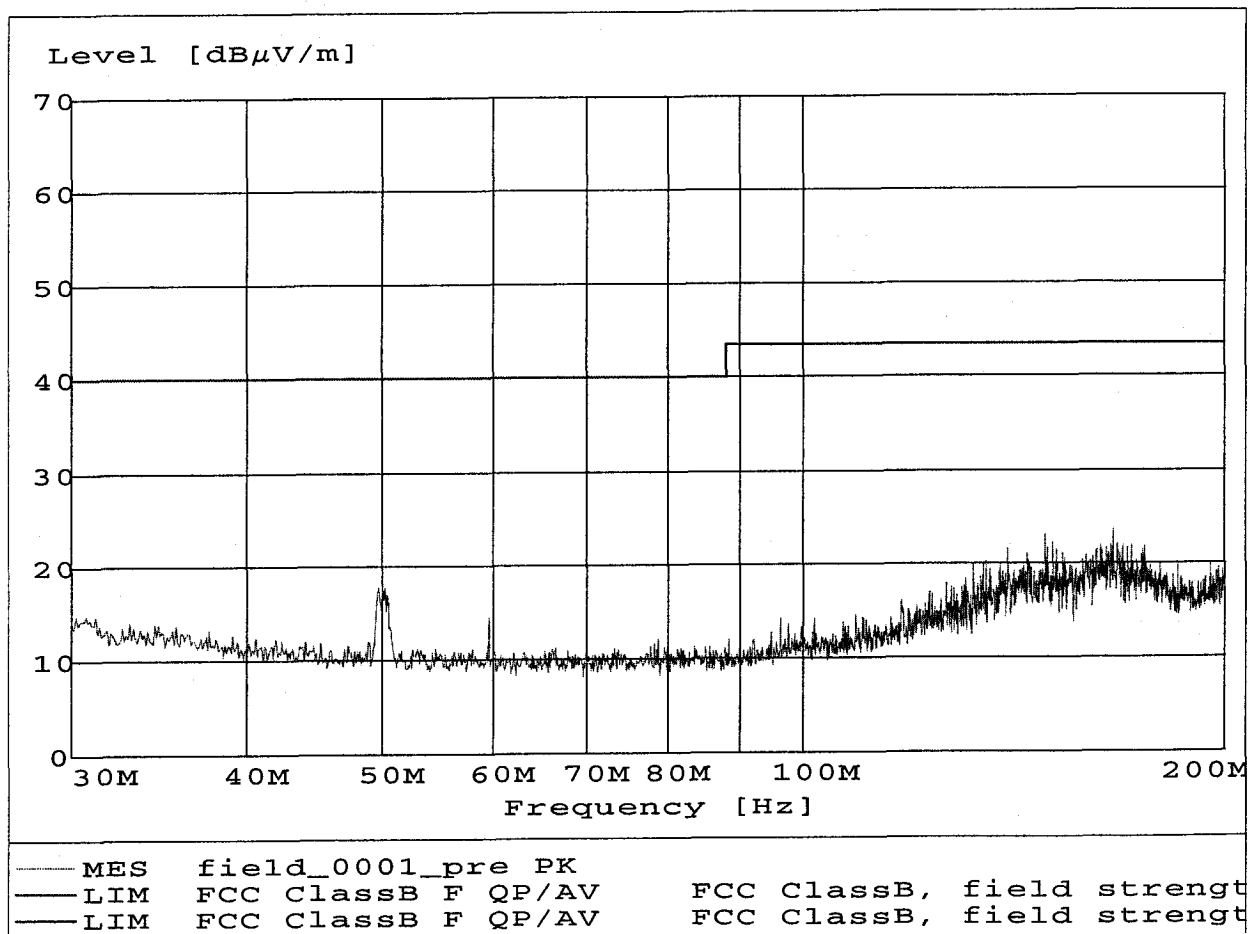

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: motor driving
Start of Test: Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

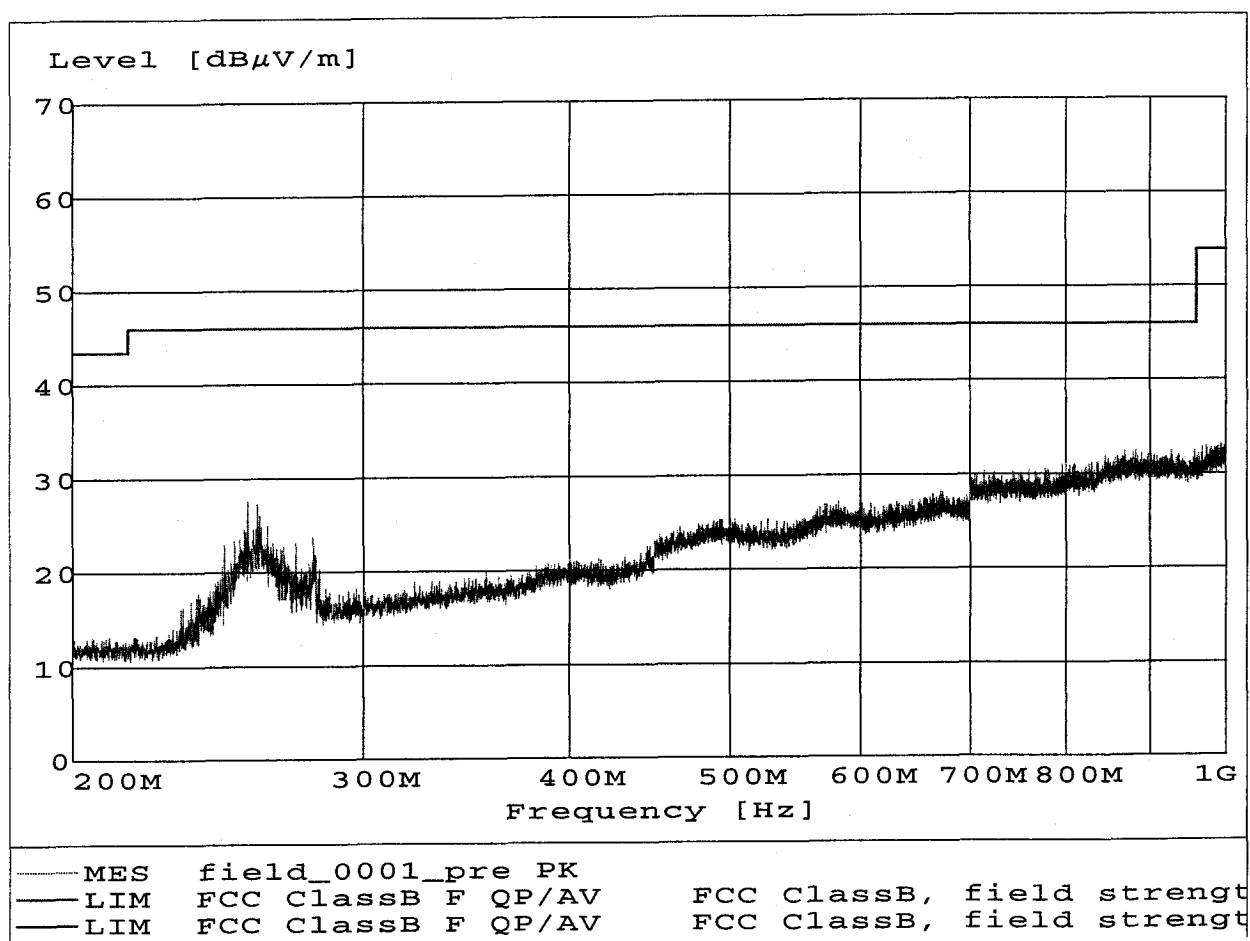

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: motor driving
Start of Test: Antenna Vertical

Field Strength according to FCC Part 15

(Fully anechoic chamber)

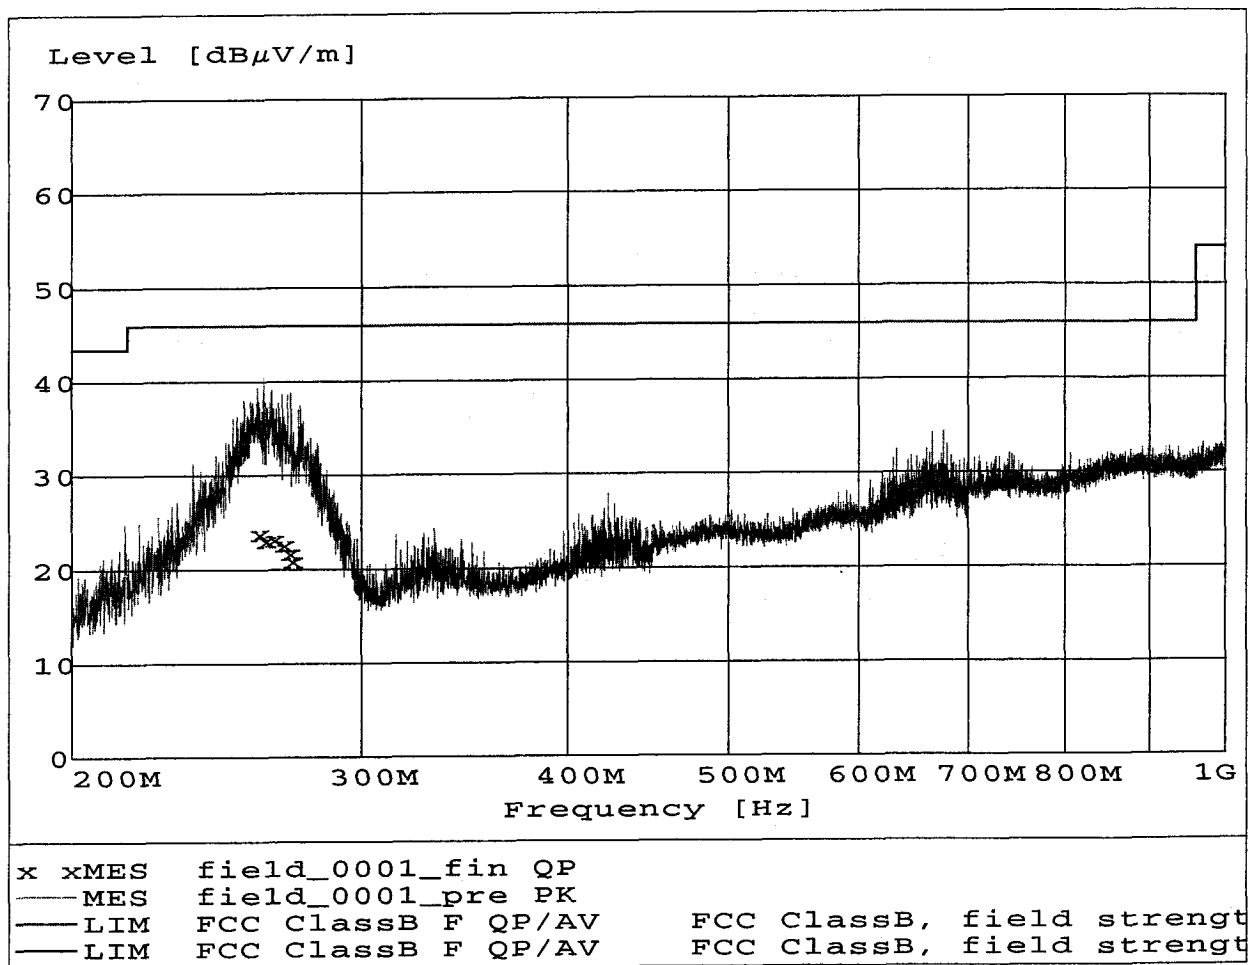

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: motor driving
Start of Test: Antenna Horizontal

Field Strength according to FCC Part 15

(Fully anechoic chamber)

EUT: R/C Micro Combat Vehicle (49MHz)
Manufacturer: Grandway Toys Ltd
Operating Condition: 22 degC / 1.2V rechargeable Battery
Test Site: ETS (HK)
Operator: Mr. Li
Test Specification: FCC Part 15, un-intentional radiator, Class B
Comment: Model: SL2300 ; Mode: motor driving
Start of Test: Antenna Vertical

Appendix F

Conducted Measurement at (AC) Power Line

Test not required
