Subject: Description of Permissive Change

Gentlemen:

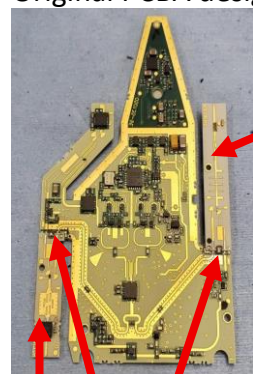

By means of this document we, Escort Inc., declare the following changes have been made under Class II Permissive Change rules to the following:

FCC ID: QKLM12V2

Model Number: Redline 360c

1. The Analog RF section was originally in three separate PCB assemblies. The revised design to improve manufacturing is now a single PCB that contains all the original circuits plus preserves to the greatest extent possible the component layout and respective locations.

Original PCBA design

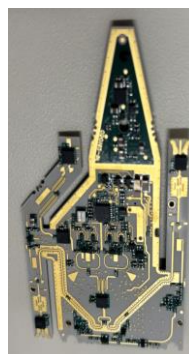

Separate  
PCBA

Separate  
PCBA

Solder bridge connections

Revised PCBA design

One continuous PCBA

Sincerely, *Chris deWaal*
