Littleton, MA 01460

Re: EK1020CON Compliance Statement

To Whom It May Concern:

This letter is to confirm the software within the EM1020 Evaluation Kit prevents transmission above the 0x13 setting as well as communication on the frequency channels outside of the 915 MHz ISM band. This is in accordance with the testing performed by Curtis-Straus LLC TCB.

Sincerely,

John M. Loukota
Director, Hardware Engineering
Ember Corporation
