RE: FCC ID: QMNRH-96_ATCB003845
Attention: Ron Chernus

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the test report appears to give EIRP values for radiated power. Please note that part 22 power levels are to be ERP and not EIRP. Please correct the test report to provide the proper radiated power for the device.
2. Please note that the 731 form states 0.151W ERP. However, as the power mentioned in item 1 is EIRP it appears that the 731 is reporting EIRP. Please correct as necessary so power in the report and 731 are the same units and value.
