

#### Compact Fluorescent Lamp Installation Instructions

The Compact Fluorescent light bulb can be easily installed. Switch power off, and simply grasp the bulb by the plastic base and screw the lamp into the socket until secure.

#### Caution

Risk of electrical shock - Use in dry location only. Not for use with dimmers, electric timers, motion detectors or photocells. Not for use in totally enclosed recessed fixtures. For indoor and outdoor use where not exposed to the weather or equivalent. This product is not intended for use with emergency exit fixtures or emergency exit lights. Never disassemble or modify the bulb. Always install and remove bulb from fixture by grasping plastic base. Use only on 120V 60Hz circuits. This product complies with Part 18 of the FCC Rules but may cause interference with radio, televisions, wireless telephones, and remote control devices. If interference occurs, move product away from the device or plug either into a different outlet.

#### Warranty

This product is warranted for a period of five years from the date of original purchase against defects in materials and workmanship based on normal household use of 4 hours per day. If this product should fail to operate due to defects in material or workmanship, return to us along with original sales receipt for repair or replacement. This repair or replacement is the sole remedy available, and liability for incidental or consequential damages is hereby expressly excluded. This warranty gives the consumer specific legal rights, which may vary from state to state. Warranty is void if product is not used for the purpose for which this product is manufactured.
