RE: FCC ID: QNG-BE2814
IC: 6434C-BE2814
VP3 Silverbox; VP4 Silverbox Automotive Infotainment Unit with Bluetooth/WLAN/CDMA
Harman Becker Automotive Systems, Inc.
39001 West Twelve Mile Road
Farmington Hills, MI 48331

By my signature below, I attest that the difference between the model variants is the size of the flash MNAND only where the main operating system is stored. VP3 Silverbox uses 8 GB flash MNAND while VP4 Silverbox uses 16 GB flash MNAND. I attest that the above difference(s) are not relevant for any RF behavior subject to regulatory items.

Sincerely,

Ferdinand S. Custodio

EMC/Senior Wireless Test Engineer
