Changing brand name and model number on the AX3

The Nextlink AX3 product has been subjected to brand name and model number changes. The EUT stating Nextlink AX3 is the exact same product as the one now branded INVISIO B3. Therefore the current FCC test report is under the name Nexlink AX3 instead of INVISIO B3. The only changes made are the labelling on the product and the user manual to reflect the new name.

Yours sincerely
Lars Höjgard Hansen
CEO
