To: David Chernomordik ES-Mpk Subject: BeamReach FCC ID: QONBRU100 David,

Review of this application is complete, and the following points are noted (earlier comments are repeated here for completeness):

## ADMINISTRATIVE

- A. Confidentiality request (this has been corrected)
  - 1) Each application should have a separate request letter only referencing the applicable FCC ID. Do not cite two different FCC ID numbers in one letter.
  - 2) The request letter does not reference the relevant FCC Rule parts applicable to confidentiality, namely, 0.457. This should be added.

## B. FCC Identifier

1) No FCC Identifier appears on the label drawing for FCC ID: QONBRU100. The FCC Identifier must appear on the product.

**TECHNICAL** 

None.

Regards, Roland
