Controller(Document link: Natarajan S SURESH)

Hi Suresh,

Please below the reply to EMT requests for both controller and hub. Please help to check with MET also what's the attached file they required as it's not attached in their mail. Thanks.

1. You are requesting Certification (grant) for the controller, therefore you should not have the FCC DOC logo on it (in upper right hand corner. Please remove and resubmit.
>> Logo removed. Please find the updated logo in the attached test report.

(See attached file: 56S020388-01.pdf)

2. schematics - could not read. Please resubmit.

>> Please find attached the schematic diagrams.

(See attached file: Controller Schematic Diagram.pdf)(See attached file: Controller Keyboard Schematic Diagram.pdf)(See attached file: Base Hub Schematic Diagram.pdf)

3. Block Diagrams - just confirming that there will be 3 for the controller

(keyboard block, Controller RF side block, and Controller block).

>> Yes. There are Controller Schematic Diagram, Controller Keyboard Schematic Diagram and Base Schematic Diagram.

4. Description - please see attached. Are these pages what you intended to

use for this exhibit?

>> No attached file sent. Please send to us again.

5. 15.21 statement - I reviewed the new manual that you submitted and cannot find this statement now. Please direct me to it.
>> Have been added to the user manual. Please find attached user manual.
(See attached file: Wireless Game Controller User Manual.pdf)

11/21/02 03:24 AM Subject: Metrak #13003 Fountech Pte Ltd - Hub

Ok, now the Hub.

1. You are requesting Certification (grant) for the Hub also? Therefore you should not have the FCC DOC logo on this label either (in upper right hand corner) - just the FCC ID and 15.19 statement (which you have).
Please
remove and resubmit

2. schematics - could not read. Please resubmit.

3. Description - same as for controller? please see attached. Are these pages what you intended to use for this exhibit?

5. 15.21 statement - Same manual - I reviewed the new manual that you submitted and cannot find this statement now. Please direct me to it.

I will forward everything to the technical reviewer. If you need any assistance, or are wondering about procedure for PO, just let me know.
Have
a good day.
