**Subject:** Metrak #13003 Fountech Pte Ltd - Hub

Ok, now the Hub.

1. You are requesting Certification (grant) for the Hub also? Therefore you should not have the FCC DOC logo on this label either (in upper right hand corner) - just the FCC ID and 15.19 statement (which you have). Please remove and resubmit
2. schematics - could not read. Please resubmit.
3. Description - same as for controller? please see attached. Are these pages what you intended to use for this exhibit?
5. 15.21 statement - Same manual - I reviewed the new manual that you submitted and cannot find this statement now. Please direct me to it.

I will forward everything to the technical reviewer. If you need any assistance, or are wondering about procedure for PO, just let me know. Have a good day.
