Attention: Application Examiner  
Re: Request for confidentiality  
Applicant: Smart Wire Grid, Inc.  
FCC ID: QPS01001

To whom it may concern,

Request is hereby submitted by Smart Wire Grid, Inc. to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Internal photographs

Rationale for request for confidentiality:

Smart Wire Grid, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us. The attached blank NDA between Smart Wire Grid and prospective purchaser demonstrates the level of confidentiality required. The product, by the nature of its intended use, is not accessible by general public and/or non-authorized personnel.

This request supersedes the Request for Confidentiality submitted by SWG on December 3, 2012  
If you have questions or need further information, please contact the undersigned.

Thank you.  
Sincerely,

A handwritten signature in cursive script, reading "Julie A. Couillard".
