

## **Response to TCB Findings**

1. Please confirm with your client that the duty cycles shown are for the worst-case possible operation and please supply more detailed plots.

**Confirmed - Duty cycles are worst-case. Refer to section 3.4 of the revised Test Report and Appendix K (Revised plots)**

2. Please specify the worst-case transmission duration observed.

**Refer to revised Test Report M021022\_Certification attached - Section 3.4**

3. Please confirm that fresh batteries have been used during testing.

**Confirmed - Refer to section 2.3 of the revised test report.**

4. Please confirm that the device has been rotated around 3 orthogonal planes during testing.

**Confirmed - Refer to section 2.3 of the revised test report.**
