RE: FCC ID: QTKRM-13\_ATCB002311  
Attention: Alison Kingston / Ilyas Abdulrahman

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please provide separate BT setup photos. Please note that this is a requirement of the FCC and is mandatory at the time of upload of files.
2. Please note that because this is also a part 15 intentional radiator, the device must also meet the manual statement requirements of part 15. Please note that the 2-condition statement specified in a5.21 is a verbatim statement that is to be in the manual. Please provide a manual with the requirement statement specified in 15.21.
3. Please note that the data tables on pages 5, 12 and 13 do not match the associated formula and explanation of results. Please explain and please provide the missing data.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
