

NOKIA Devices / Copenhagen

07/16/2008

RE-USE OF TEST RESULTS:

Test reports provided with this filing make reuse of results of Nokia product with FCC-ID "QTKRM-364".

Main differences between the products:

Both HW and SW are identical. Only difference is WCDMA bands and WCDMA power class supported.

QTKRM-364 band FDD 1/5, Power class 3 for wideband (24dBm)

QTKRM-366 band FDD 2/5, Power class 4 for wideband (21dBm)

Proposed conclusion:

Re-use of test results possible

Part 15B

Part 15C

Part 22 / 24 (99% occupied bandwidth, frequency stability temperature & voltage variation)

FCC ID: QTKRM-366
ICID: 661AD-RM366
