RE: Airespace

FCC ID: QTZVAP1200 Permissive Change

I have a few comments on the above referenced Application.

- 1) Please provide a cover letter explaining the purpose of this application and how the application meets 2.933 of the rules.
- 2) Please provide photographs of the antennas. Additionally, please explain the gain of each antenna as one of the data sheets shows a gain of +5 to +9 dBi.
- 3) Please provide RF exposure information regarding the external antennas.
- 4) This submittal appears to contain information regarding external antennas. However, it is not certain how the external antennas connect internally to the original device. Please explain and provide photographs as necessary.
- 5) The sample calculation given on page 16 of 18 of the external antenna report does not match the table. Please correct.

A handwritten signature in black ink, appearing to read "Timothy R. Johnson".

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
