Product: PERSONAL ALERT

Model : PA101

Responsible Party: TSC International
2545 Boardwalk
San Antonio, TEXAS 78217
U.S.A.

Phone Number: 210-821-6162

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ☐ Reorient or relocate the receiving antenna.
- ☐ Increase the separation between the equipment and receiver.
- ☐ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ☐ Consult the dealer or an experienced radio/TV technician for help.

How can the Personal Alert help?

With the Personal Alert, your fears and worries are gone. With the simple press of a button on the pendant, family, friends, or an assistant can be instantly notified and respond to your needs.

Features:

- Simple operation**
- No wires to install**
- 900MHz Wireless operation, up to 500 feet**

Operation and Installation:

- You can wall-mount the receiver in a convenient place in your home or business, or you can use the clip to attach it to your belt or pocket when you are working outside.**
- You can use the receiver's clip as a stand to position the receiver on any flat surface**
- For best results and maximum range, do not mount the receiver on a metal surface**

Batteries:

Requires 2 CR2032 Lithium batteries (supplied) in the transmitter and 3 AA batteries in the receiver (not supplied).

FCC STATEMENT

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions.

- 1. This device may not cause harmful interference, and**
- 2. This device must accept any interference received, including interference that may cause undesired operation.**
