Model differences

This letter is a declaration of the differences between models : GLC012-01, GLC025-01, GLC050-01, GLC075-01, GLC100-01, GLC150-01, GLC200-01, GLC250-01, GLC300-01, GLC400-01, GLC500-01.

The difference between these models is the load capacity of the loadcells. That's why the mechanical link part is different for each.

They share the same electronic card (identically populated), antenna and battery.
