RE: FCC ID: QVVRH-67_ATCB001707

Attention: Atsuo Taguchi

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. FYI – please note that you have attached the FCC docket on instructions for temporary confidentiality; however, it does not appear that you have requested temporary confidentiality on any of the applicable files. Please explain, is temporary confidentiality being requested?
2. Please note that system validation performed on 8/18/2004 was done using probe serial number 1396. However, the equipment list on page 5 of the SAR report states that all validations were done using probe serial number 1429. Please explain the purpose of the validation using probe serial number 1396, and please correct any errors in the validation equipment and tables.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
